POOL PASSES

"Unfortunately, Brampton Rec has been completely re-organized and the people that had communication with in the past are no longer working for Brampton and the temporary person that is there is following direction that has been processed by the department heads. Brampton is having some real big changes and we are not No. 1 on their list of priorities.

There will be no freebies for the pool even though we are paying for the one hour on the week-ends.

I would suggest that someone gather up a list of names with payment for passes and purchase them directly from Brampton. Everything has changed drastically with the Brampton Recreation Dept."

Barbara Lipton

As for right now, pricing is as follows:

- Individual All Ages membership at \$22.80
- Family membership (4 people) for \$84.85

As Barbara said: "They are all very nice and work well as a team. This is a management decision. So let's not give them a hard time when we see them at the pool."

More information to come. In the meantime, happy swimming!

Gigantic thanks to Wagner for the beautiful fireworks display on Canada Day! There were 'oohs' and 'aahs' from the crowd who gathered on Hill 3 to watch. (Even the mosquitos came out to celebrate!) It was a joyous occasion!

Zohar turns 12 on Monday the 11th!
Happy Birthday Zohar!!!

This week in pictures!

Wildlife corner! A friend seen a couple of weekends ago on Hill 3 by the Traub's! (Keep your eye on Camp Naivelt's Facebook page for more animal spottings!)

Delivery! Camille and Louis delivering the very first copy of the very first issue of this summer's News! "A new generation delivering the Naivelt News to the old one", in this case Simon Drexler, ha, ha. Simon appreciated that the Naivelt News "has come a long way"! - Mari and Evan

Please keep sending your photos! Email any submissions to naiveltnews15@gmail.com by Wednesday of each week!

Craft time! Thanks to Jenny for organizing such a fun activity for the kids last weekend! They loved melting beads!

Coffee and improv? Ross Mckie gave a lively Bagel Brunch on opening weekend. We learned that Naivelters really need to learn to count to ten together!

Wide load coming through! Roy and friends moved two plastic play structures down to the Lak last weekend. There is now room on Hill 3 for us to improve the children's play structure area! A new (bigger and better) wooden structure will be assembled there soon, and for now there are two colourful little structures down at the Lak for the kids to enjoy.
